Event Summary Report

Title: ChatGPT for Career

Date: 21st April 2023

Mode: Seminar (ACM Chapter)

Venue: SVCET

Audience: IT Students

Coordinator: Mr. S. R. Rajkumar, Professor, IT, SVCET

HoD- IT: Dr. J. VELMURUGAN

Resource Person: Mr. Yaswanth Sai Palaghat, Content Creator & Digital Marketer

Introduction

The ACM Chapter of the Department of Information Technology, SVCET, organized a seminar titled "ChatGPT for Career" on 21st April 2023. The event, held at the SVCET campus, aimed to demonstrate the applications of ChatGPT and similar AI tools in shaping careers, enhancing professional growth, and driving innovation in the IT field. The seminar featured Mr. Yaswanth Sai Palaghat, an experienced content creator and digital marketer known for leveraging AI tools to empower professionals and businesses.

Event Objectives

The primary objectives of the seminar were:

- To introduce ChatGPT as a powerful AI tool and explore its features.
- To discuss its applications in career development and professional tasks.
- To inspire students to integrate AI into their learning and career strategies.

Integrating AI tools like ChatGPT into daily workflows can prepare students for future industry demands.

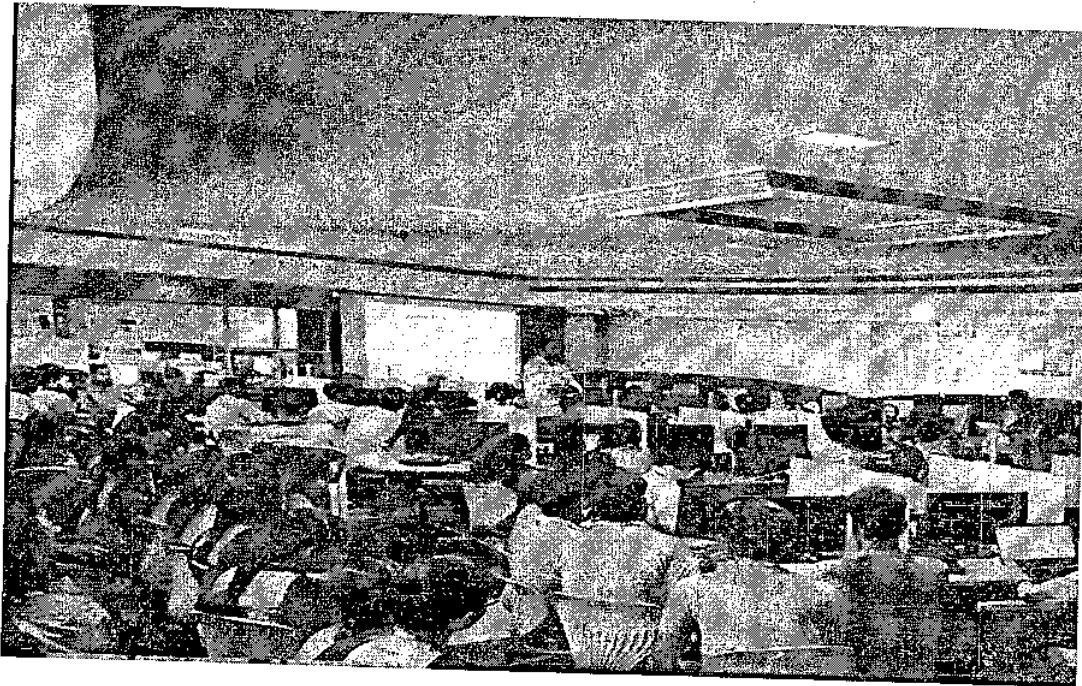

Feedback and Conclusion

The seminar received overwhelmingly positive feedback from the participants, who found the session highly engaging and informative. Many students expressed their interest in adopting ChatGPT as a learning and productivity tool.

Mr. Yaswanth Sai Palaghat's practical demonstrations and real-world examples made the session relatable and inspiring. The event reinforced the importance of embracing AI technologies in the evolving IT landscape.

The Department of IT, under the leadership of Dr. J. Velmurugan and coordination of Prof. S. R. Rajkumar, successfully facilitated the event, aligning it with the ACM Chapter's mission to advance computing and technological awareness among students.
