Report

Title: AWS GEN AI

Date: November 25, 2024

Mode: Offline

Venue: Auditorium, SVCET

Audience: Students of the IT Department, SVCET

Coordinator: Mr. S.R. Rajkumar and IT Department Faculty Members

HoD-IT: Dr. J. Velmurugan

On 25th November 2024, the Department of Information Technology (IT) at SVCET organized an engaging and informative skill development programme titled **AWS GEN AI**. The event was held in the college auditorium and witnessed enthusiastic participation from IT department students. The programme aimed to enhance students' understanding and skills in Artificial Intelligence (AI) using Amazon Web Services (AWS).

Resource Person:

The session was conducted by Mr. Virender Singh, an AWS Authorized Instructor from Rohtak, Haryana. With his vast experience and expertise in cloud technologies and AI, Mr. Singh delivered an enriching session tailored to the students' academic and professional growth.

Highlights of the Event:

1. Introduction to AWS and Generative AI:

Mr. Singh began by providing an overview of AWS and its role in the AI ecosystem. He discussed the fundamentals of Generative AI, its applications, and its impact across industries. The students gained insights into how AWS supports the development and deployment of AI-driven solutions.

2. Hands-on Demonstrations:

The session included live demonstrations of AWS tools and services relevant to AI. Mr. Singh showcased the capabilities of AWS SageMaker, Lex, Polly, and other AI services, emphasizing

their ease of use and real-world applications. Students were particularly fascinated by the interactive examples and practical demonstrations.

3. Career Guidance:

Mr. Singh also addressed the career prospects in AI and cloud computing, advising students on how to leverage AWS certifications to advance in the tech industry. He shared strategies for mastering AI skills and highlighted the importance of continuous learning.

4. Interactive Q&A Session:

The event concluded with an engaging Q&A session where students posed various queries about AI, AWS certifications, and industry trends. Mr. Singh's insightful responses inspired the attendees and clarified their doubts.

Coordinator and Support Team:

The programme was coordinated by Mr. S.R. Rajkumar, along with the dedicated faculty members of the IT Department, under the guidance of Dr. J. Velmurugan, Head of the IT Department. Their collective efforts ensured the event's seamless execution.

Student Participation and Feedback:

The auditorium was packed with IT students eager to explore the realm of AWS and AI. The feedback from participants was overwhelmingly positive. Students expressed their gratitude for the opportunity to learn from an industry expert and gain practical knowledge in a rapidly evolving field.

Conclusion:

The AWS GEN AI skill development programme proved to be a significant milestone in the academic calendar of the IT Department at SVCET. It not only equipped students with advanced knowledge of AI technologies but also motivated them to pursue excellence in the domain. The event's success underscored the department's commitment to fostering industry-relevant skills and preparing students for future challenges.

Acknowledgment:

The IT Department extends its heartfelt gratitude to Mr. Virender Singh for his invaluable contribution and to all the faculty members and students who made the event a grand success..
